

Following the issues, journeys and outcomes of Hope's young people

WHEN THEY **FIRST ARRIVE** AT HOPE

New referrals are normally aged 14, school year 9.

Distress may last up to 3 years

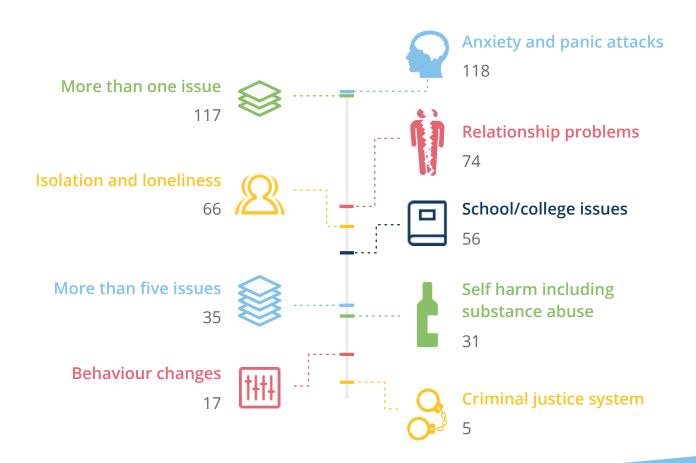

31% still need Hope's support 3 years after joining

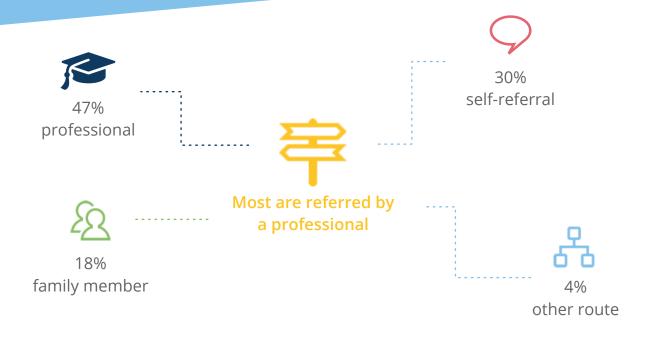

Mental health and emotional wellbeing are seriously affected

160 young people were identified as experiencing at least one serious issue.

One problem affected as many as 118 young people.

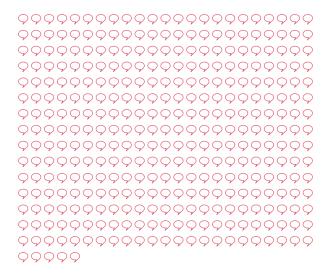

Last year, we provided:

350 one-to-one chats with a trained Hope professional

118 supportive youth sessions

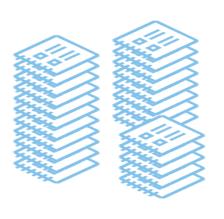

56 skill-building trips, workshops and activities

24 Youth Management Team meetings

WHEN THEY LEAVE HOPE

in 32

issues were resolved or improved

recently closed cases

99% of parents agree
